Professional Summary

BCA student with hands-on experience in MERN stack development and knowledge of Java, Python, C, JavaScript, SQL, and Data Structures & Algorithms. Experienced in developing responsive web and Android applications through a 45-day MERN Stack internship and academic projects. Seeking an entry-level Software Developer or Full-Stack Development opportunity to apply technical and problem-solving skills.

Technical Skills

Programming Languages: Java, Python, C, SQL
Web Development: HTML, CSS, JavaScript
MERN Stack: MongoDB, Express.js, React.js, Node.js
Core CS: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Computer Networks, Operating Systems
Android Development: Java, XML, Android Studio
Cloud & Tools: Cloud Computing, GitHub, VS Code, Figma, Xampp, MS Office

Internship Experience

MERN Stack Development Intern | **ADHOC COMPANY** *45 Days*

- Completed a 45-day internship in full-stack web development using MongoDB, Express.js, React.js, and Node.js.
- Developed responsive web applications including Atmos Study Buddy and Food Zone, focusing on functionality, usability, and responsive UI.

Project Documentation Trainee | **S.N. Associates, Kakinada** *Nov 2023 – May 2024*

- Maintained building-project documentation and project records using MS Excel and MS Word.
- Assisted with route maps, building plans, data entry, and project documentation while ensuring accurate record management.

Projects

Food Zone — Smart Food Ordering Web Application Link to Demo
HTML · CSS · JavaScript

- Developed a responsive food-ordering web application with interactive menus, dynamic functionality, and user-friendly navigation.

Atmos — Weather Application Link to Demo
MongoDB · Express.js · React.js · Node.js

- Developed a responsive weather application using HTML, CSS, JavaScript, MongoDB, Express.js, React.js and Node.js, Weather API to display real-time weather data.
- Integrated a weather API to retrieve and display temperature, weather conditions, humidity, and wind speed.

Study Planner — Student Productivity Web Application p Link to Demo
HTML · CSS · JavaScript · Express.js

- Developed a responsive study planner with task management, scheduling, and productivity features.
- Built backend services using Node.js and Express.js to support application functionality.

Code Learn — Android Student Learning Application Link to Demo
Java · XML · Android Studio

- Developed an Android learning application with programming concepts, educational modules, and learning resources, serving 10+ student users.
- Designed an intuitive UI/UX to improve student engagement and learning accessibility; project received recognition in a college-level competition.

Education

Bachelor of Computer Applications (BCA) | **Aditya Degree College for Women** *2024 – Present*
SGPA: 84%

State Board of Technical Education and Training (CCP) | **Government Polytechnic For Women** *2021 – 2024*
Percentage: 78%

Secondary School Certificate (SSC) | **Oxford English Medium School** *2020 – 2021*
Percentage: 96%

Certifications

Google Cybersecurity Professional Certificate — Coursera | Cisco Python Essentials | Cisco C Essentials | MEPRO — Pearson | HTML Certification

Achievements

| Secured 2nd Prize at the Technophilia Internal Fest.
